

**BEAGLE CLUB VICTORIA INC. CHAMPIONSHIP SHOW**  
**Sunday, 24<sup>th</sup> September 2006**  
**Judge Critiques**

**Baby Puppy Dog**

1<sup>st</sup> Place

Exhibit No 1 ~ BALIHAI PHANTOM OPERA \*

Tri colour male, approx 5½ months. A compact, well balanced and confident baby with a pleasing expression. He has a fine dark eye with a good domed skull. His ears are the correct length and he has a nice arch to his neck. His shoulders are well laid back and he has a level topline. I would prefer more muscular thighs but would not penalize him at this age.

G/M: This baby did not move as well as he is made as he was too playful, however he deserved his first place.

**Puppy Dog**

1st Place

Exhibit No 2 ~ WEARDALE WOODFORD ROMEO

Tri colour male, approx 10½ months. He is a sturdy puppy with a dense short coat. He has a dark eye with well defined stop. Agreeable low set ears of pleasant length. I would like more length of neck on him as its length gives him a somewhat unbalanced look. He has good bone and depth of chest with his forelegs well under him with good pasterns. His topline is strong and straight.

G/M: He moves well.

**Junior Dog**

1st Place

Exhibit No 5 ~ TEVIOT SPORTSMAN

Tri colour male, approx 16 months. He is a sturdily built dog. He has a dark eye with a respectable head for his age. He has a good length of neck flowing well into his forequarters. He has a decent depth of chest. This male was soft in topline for me at this stage of his development.

G/M: He moved well with good reach and drive giving him his first place.

2nd Place

Exhibit No 3 ~ BALIHAI LEMON SHERBERT

Tan & white male, approx 12½ months. This robust boy has a pleasing expression. He has a good dark eye and low set ears of good length. His chest is deep and his topline straight and level. He has a good quality turn of stifle.

G/M: He moves well.

3rd Place

Exhibit No 4 ~ DELGAEB KIZMET

Tri colour male, approx 12½ months. This happy boy was alert and amiable. His eye and eye placement shape are correct. His head is masculine. His flow in of neck is pleasing and he has good round bone with straight forelegs. His topline is level and straight.

G/M: Good rear drive

### **Intermediate Dog**

1st Place

Exhibit No 6 ~ CH BALIHAI LEMON PEPPER

Tan & white male, almost 2 years. This boy has pleasant head planes with a definite split in length between occiput and tip of nose. He has a good lay back of shoulder with good substance in bone and a deep chest. His feet are tight and firm. He is short coupled with a level topline.

G/M: He moves well.

2nd Place

Exhibit No 7 ~ CH BAYZURK FULLMOON SETTIN

Tri colour male, almost 3 years. He has a good eye set and placement and low set ears. A handsome head in profile, his neck flows well into his forequarters. His bone is of good substance and his feet are firm. He has an agreeable turn of stifle and is well muscled.

G/M: He holds his topline well on the move.

3rd Place

Exhibit No 8 ~ MANLOURA TOP JOCKEY

Tri colour male, approx 14½ months. A compact dog with a dense short coat. He has a lovely head and good dark eye. His forequarters bone is round with short pasterns. He has tight feet and a soft level topline.

G/M: This dog loses himself on the move with lack of drive.

### **Australian Bred Dog**

1st Place

Exhibit No 9 ~ CH TEVIOTDALE DROVERS DREAM

Tri colour male, nearly 4 years. This is a confident masculine dog. His head is slightly short in muzzle length with correct eye set and delightfully wide nostrils. His slightly arched neck of good length flows into his well laid back shoulders. His chest is deep, bone round and substantial and his ribs well sprung. He has a good turn of stifle.

G/M: He moves well with good rear drive.

2<sup>nd</sup> Place

Exhibit No 10 ~ CH BRYNLER ONLY THE LONLEY

Tri colour male, 4 years. This exhibit has a good domed skull with dark eye. His quite deep chest gives him a short legged appearance but he has good bone and is short coupled. He has a level topline with a good turn of stifle.

G/M: He moves well coming and going.

### **Open Dog**

1<sup>st</sup> Place

Exhibit No 13 ~ CH MANLOURA MAXIMUS \*

Tri colour male, 3 years of age. A compact quality exhibit with an appealing expression. A handsome head, clean cut, excellent wedge with very good planes. Correct mouth. He has a dark eye, correct ear set and length with a strong convex neck which flows well into the forequarters. His bone is round, of good substance and his elbows firm. His topline is straight with a good tail set.

G/M: Sound on the move with good front reach and holds his topline well. His rear drive would be improved with more muscular thighs. Well handled.

2<sup>nd</sup> Place

Exhibit No 11 ~ CH BALIHAI CAMELOT COURT

Tri colour male, approx 5½ years. A medium size square male. His head is balanced to the body with lovely dark eye and correct ear length. He has decent shoulder angulation, good depth of chest and is short coupled. His stifles are well bent and his moderately long tail is correctly set.

G/M: He moves well on profile and is true coming and going.

3<sup>rd</sup> Place

Exhibit No 12 ~ CH JANSLINE ZACHARY

Tri colour male, almost 11years. Despite being almost 11 years of age this dog kept it all together both on the stack and when moving. He has a good domed skull, dark eye with wide scenting nostrils and low ear set. His shoulders are well laid and not loaded and he retains good pastern angulation. His topline is straight and rear angulation proficient.

G/M: He moves well and his movement did not give his age away. He covered the ground as sprightly as a dog many years younger and it was a delight to see him showing the youngsters how it's done.

Dog Challenge – Exhibit No 13 ~ CH MANLOURA MAXIMUS

Reserve Dog - Exhibit No 11 ~ CH BALIHAI CAMELOT COURT

### **Baby Puppy Bitch**

1<sup>st</sup> Place

Exhibit No 16 ~ LCEESLOVE EBONYS CHARM

Tri colour bitch, 4½ months. This pretty bitch is a neatly balanced girl with a good attitude. She has a lovely domed skull and dark eye. Her depth of chest, bone and topline give her a compact build while remaining feminine. She has good feet and correct tail set.

G/M: She moves well and with maturity will settle into herself.

2<sup>nd</sup> Place

Exhibit No 15 ~ BAYATTHEMOON GET OVER IT

Tri colour bitch, 4 months. She is shorter in leg than the 1<sup>st</sup> place getter but still balanced overall. A dark eyed girl. She has large, correctly set ears and her head has yet to grow into them. She has strong round bone with good rear angulation and a decent turn of stifle.

G/M: She puts her feet down well but is a little soft in topline in profile at this stage but would not penalize her at this age.

### **Minor Puppy Bitch**

1<sup>st</sup> Place

Exhibit No 17 ~ JANSLINE COSMOPOLITAN \*

Tri colour bitch, 7 months. This young bitch has a pleasing head with a good domed skull, dark eye, correct length and an appealing expression. Her lovely length of neck flows correctly into her forequarters. She has excellent bone, decent feet and short pasterns. Her ribs are well sprung and extend well back. Her topline is level and overall she presents a compact bitch of correct proportions.

G/M: She moves well for her age in profile and is true coming and going.

### **Puppy Bitch**

1<sup>st</sup> Place

Exhibit No 21 ~ THUNDERBAY LAST TANGO \*

Tri colour bitch, approx 10 months. A compact young bitch that let you know she was in the ring. She has a good eye and ear placement with correct head planes. Her chest was deep enough, her forelegs straight and elbows tucked in. A correct tail set and good turn of stifle completed powerful hindquarters.

G/M: She moves freely and was true coming and going.

2<sup>nd</sup> Place

Exhibit No 19 ~ BAYATTHEMOON NICKELODEON

Tan and white bitch, approx 10 months. Longer in back and rangier than the 1<sup>st</sup> place getter but nonetheless feminine. Her neck flows well into her forequarters and she has a good deep chest. She has short pasterns, good round bone and tight feet. She has a lovely turn of stifle, muscular thighs and good drive.

G/M: She moved well in profile and was true coming and going.

3<sup>rd</sup> Place

**Exhibit No 18 ~ BALIHAI SHINE SO BRIGHT**

Tri colour bitch, approx 10 months. This is a pretty compact bitch with an appealing expression. She has a lovely dark eye and decent ear set and length. Her chest is deep, she has good quality bone and ribs are well sprung. She has a level topline and decent turn of stifle.

G/M: She keeps her topline on the move and is true coming and going.

**Junior Bitch**

1<sup>st</sup> Place

**Exhibit No 23 ~ BALIHAI LEMON SPICE \***

Lemon and white bitch, approx 14 months. This bitch is balanced with correct body proportions. Her eyes blend well with her coat colour and she has a correct ear set. Her topline is straight and chest is down below her elbows. She has muscular thighs and parallel hocks.

G/M: She moves well coming and going.

2<sup>nd</sup> Place

**Exhibit No 26 ~ TEVIOTDALE CHARMER**

Tri colour bitch, approx 16 months. This girl has a sweet head with good dark eye and planes. She has a good length of neck. Her feet are tight and firm with very good pastern angulation. I would prefer more length of leg as she appears unbalanced at this stage. She has excellent round bone and ribs which extend well back.

G/M: Soft, good in reach but not as powerful in rear drive as previous exhibit.

3<sup>rd</sup> Place

**Exhibit No 27 ~ THUNDERBAY TWIRL N WHIRL**

Tri colour bitch, approx 11 months. A pleasing expression greeted me with this youngster. She has a good length of neck and flow through into forequarters. Her forelegs are straight with tight feet. Her turn of stifle is pleasing.

G/M: She holds topline well on the move.

**Intermediate Bitch**

1<sup>st</sup> Place

**Exhibit No 31 ~ CH TEVIOT BORDER QUEEN \***

Tri colour bitch, 2 years. A happy girl, alert and with an amiable expression. Her head is slightly short in muzzle length but has correct eye set and ear placement and well defined stop. She has a good deep chest and long level topline. She has a good turn of stifle and muscular thighs.

G/M: She moves well despite looking unbalanced.

2<sup>nd</sup> Place

**Exhibit No 30 ~ CH TAGICA FIELD O DASIES**

Tri colour bitch, approx 21 months. She is a pretty headed bitch with pleasant head planes. Her deep chest and round bone are correct. This bitch is a tad long in leg for me which gives her a short backed appearance. She is short coupled with an adequate turn of stifle and muscular thighs.

G/M: Again an unbalanced looking bitch but moves well despite this.

### **Australian Bred Bitch**

1<sup>st</sup> Place

Exhibit No 35 ~ MANLOURA REGINA \*

Tri colour bitch, almost 3½ years. This compact bitch has good qualities about her. She has a pleasing expression with good dark eye. I would like more depth of muzzle on her in profile but from the front she has a delightful head with a well domed skull. She has good round bone coupled with a deep chest and level topline. She is short coupled and her turn of stifle is appropriate.

G/M: She moves well in profile and is true coming and going.

2<sup>nd</sup> Place

Exhibit No 33 ~ BALIHAI COURT PRINCESS

Shaded tri colour bitch, almost 4 years. She is a balanced compact bitch with good head planes. Her eyes, ears and wide nostrils are correct and she has an agreeable length of neck. Her bone is excellent and she has delightfully tight, firm feet with good pastern angulation. Her ribs are well sprung and she has a good turn of stifle.

G/M: She moves well and is true coming and going.

3<sup>rd</sup> Place

Exhibit No 36 ~ CH TEVIOTDALE LADY OF SKYE

Tri colour bitch, almost 4½ years. This lady has a pleasant expression, dark eye and lovely low ear set with delightfully wide nostrils. Her round bone is strong and she has a decent deep chest. Her markings belie her compactness. Her thighs are muscular and hocks parallel to each other.

G/M: She moves well and keeps her topline in profile.

### **Open Bitch**

1<sup>st</sup> Place

Exhibit No 41 ~ CH TEVIOTDALE RAMBLING ROSE

Tri colour bitch, almost 4½ years. This bitch has many good parts which together with her movement earned her the bitch challenge placing. She has a good domed skull, dark eye and an appealing expression. Her neck flows well into her forequarters and her deep chest, straight forelegs and good bone give her sturdy forequarters. She has a straight level topline with a high set tail of correct length. She has a lovely turn of stifle, muscular thighs and parallel hocks.

G/M: Her movement around the ring was free, long reaching in front and good in rear drive.

Bitch Challenge – Exhibit No 41 ~ CH TEVIOTDALE RAMBLING ROSE

Reserve Bitch - Exhibit No 35 ~ MANLOURA REGINA

Best In Show ~ Exhibit No 13 ~ CH MANLOURA MAXIMUS

Runner Up ~ Exhibit No 41 ~ CH TEVIOTDALE RAMBLING ROSE
